

How to create an anonymous Twitter account

1. Go to twitter.com and click 'Sign up with Phone or email'

2. Create an account using the same name, birthdate, and email address as what you used to create your anonymous email account.

The image shows the 'Create your account' form on Twitter. The form has a close button (X) and the Twitter logo at the top. The title is 'Create your account'. There are three input fields: 'Name' with the value 'Luxie T Pronghorn', 'Email' with the value 'luxiepronghorn@yahoo.com', and 'Date of birth'. The 'Date of birth' section includes a note: 'This will not be shown publicly. Confirm your own age, even if this account is for a business, a pet, or something else.' Below the note are three dropdown menus for 'Month' (January), 'Day' (1), and 'Year' (1998). At the bottom of the form is a black button labeled 'Next'.

3. Customize your options as you choose.
4. Confirm your information and sign up.

5. You will be sent a verification code to your burner email. Use it to confirm your new account.

6. Enter a phone number for account verification. If doing this step, use the same number you use to sign up for the burner email account. Ensure the two check boxes allowing people who have your phone number to find you and letting Twitter use your number to personalize ads and services are **NOT** selected.
